Unmask Your Potential

Identify your Limiting Belief

The first step is to identify one of your limiting beliefs. What do you tell yourself that is perpetuating negative emotions or feelings? Let's find out!

Say goodbye to the old!

Say bye bye to old beliefs! As you peel off your mask, you will set your intention and make a promise to yourself to LET IT GO!

Apply your Facial Mask

Let's put some oriental facial mask on the limiting belief! As you let the mask absorb the toxicity of your skin and mind, I will help you visualize what life looks like without the negative beliefs.

Say hello to the new!

We will close the evening with a new and empowering belief. You will remind yourself every morning when you wake up of your new belief so it can become part of your new reality!
